

SAANVI KANODIA

PROFILE

I am a B.Tech-Data Science student with a keen interest in leveraging data analytics and machine learning to uncover insights in healthcare and environmental sectors. Skilled in Python, SQL, Tableau, and Power BI, I possess hands-on experience in hypothesis testing, and predictive analysis. Notably, I secured 2nd place in a Tableau competition for predictive analysis, showcasing my ability to transform data into meaningful stories and predictions. I am passionate about applying these experiences to solve real-world challenges and deliver actionable insights.

EXPERIENCE

Concept Simplified Pvt. Ltd., Mumbai
